Causal Inference (2024-25)

"Amazing teaching. Clear and engaging explanations."

"Tanisha was really helpful; she presented the information in a clear way that was approachable for someone without a quant background."

"The TA did a good job in explaining the material [...] was engaging, qualified, very helpful, and explained the course and lab material very well."

"Tanisha was very effective at delivering the content. She was friendly and stayed after class to help sort through some of the concepts I didn't understand."

"Wonderfully helpful, takes the time to properly explain concepts and help our understanding with the topic rather than just focussing on the problem sets."
